Code Blue

Public Address Announcement:

Attention All Airport Workers – Code Blue
Attention All Airport Workers – Code Blue

A **Code Blue** announcement provides an immediate security awareness alert to all airport workers that a security concern is perceived by another airport worker and the report is being investigated.

Don't call the Communications Center to ask what to do – they'll be very busy.

How to Activate a *Code Blue* Alert:

➢ Call by any airport worker to the MHT **Communications Center - 628-6222**
➢ State > **Code Blue** ->Who you are > Where you are…
➢ Stay on the line as the **Code Blue** Announcement is made to provide further information to the dispatcher.

What Workers should do when they hear a *Code Blue* Announcement:
✓ TSA Passenger Screening stops
✓ Aircraft Jetways are closed
✓ Focus on surroundings
✓ Report suspicious activity
✓ Plan on an Evacuation Route
✓ If Customers Inquire – inform them that you've been requested to standby as the Airport investigates a Security Concern
✓ Emergency Workers prepare to respond and assist upon receipt of further information

Alert will be Cancelled by a Follow-up Page
