**Date:** May 23, 2023

**RFB No:** FY23-805-82 Airport Uniforms

---

This Addendum # 1 to Request for Bids for Airport Uniforms (“RFB”) contains the following clarifications, changes, additions, and/or deletions to the RFB:

## **QUESTIONS SUBMITTED IN WRITING**

**Question 1:** Please provide your Bid Tabulation Sheet from the last time this Bid was put out to the open market, or your current pricing on file.

**Response:** The current bid request is for the purchase of uniforms. The previous bid request for uniforms was for the rental and laundering of uniforms, therefore, the bid tabulation from those bids and the current pricing are not applicable to this procurement action.

**Question 2:** Who is the current incumbent provider?

**Response:** Unifirst Corporation.

**Question 3:** Is the pricing fixed for the 5-year initial term?

**Response:** Respondent can recommend pricing for every year in the contract.

**Question 4:** What is the current Annual Spend for this program? What is the number of employees?

**Response:** See answer to Question 1 herein. The number of employees is subject to change. City makes no guarantees as to the actual number of employees or garments purchased throughout the duration of the Agreement. Estimates of the number of employees needing each garment type are provided in [Appendix A](#) to the RFB.

**Question 5:** Are you able to provide more details regarding the Electronic Ordering Platform?

**Response:** The Contractor must provide City with the ability to electronically order additional garments, as needed. City would like to have the ability to permit individual employees to order specific garments when needed and to be able to have an itemized report for each employee’s orders.

**Question 6:** Do you give preferential consideration to Women; Minority or Veteran owned businesses?

**Response:** No.

**Question 7:** What is the stitch count of your current embroidered logo?

**Response:** We do not know.

**Question 8:** How many colors are in your screen printed logo?

**Response:** Four.
