Addendum No. 1

Date: January 15, 2025

Solicitation No: FY25-805-27 – FAA Approved Synthetic Fluorine Free Foam (F3) Concentrate

This Addendum #1 to Request for Bids for FAA Approved Synthetic Fluorine Free Foam (F3) Concentrate (the “RFB”) contains the following clarifications and changes to the RFB document:

- Responses to questions submitted in writing

QUESTIONS SUBMITTED IN WRITING

Question 1: What is the process for the pre-approval of the testing facility? Does this need to be completed prior to submission of the bid or prior to completion of the purchase?

Response: Products listed on the Naval Research Laboratory’s (NRL) Qualified Products Database (QPD) will meet the intent of the pre-approval of the testing facility. For example, National Foam’s AvioF3 Green Mil 3% is approved by NAVSEA, is listed on the QPD, and therefore meets the pre-approval.
