Addendum No. 1

Date: February 24, 2026

Solicitation No: **FY26-805-29 Request for Proposals for Airport Law Enforcement Services (the “RFP”)**

This Addendum #1 to Request for Proposals for Airport Law Enforcement Services contains the following clarifications and changes to the RFP document:

- Responses to questions submitted in writing

QUESTIONS SUBMITTED IN WRITING

Question 1: Does the City supply any equipment and uniforms (cruisers, firearms, etc.) or is this part of the quote submitted by the Respondent?

Response: The City will provide the Contractor with patrol vehicles, along with the fuel and maintenance for said vehicles. All other equipment and uniforms are the responsibility of the Contractor.

Question 2: Is the Contractor required to have liability insurance for the officers or will the City provide the coverage?

Response: The Contractor is required to provide insurance for the officers.

Question 3: Will the officers have the option to participate in any benefits from the City of Manchester or are they technically a private sector employee?

Response: The officers are employees of the Contractor and therefore not entitled to City of Manchester benefits.

Question 4: Are the officers able to do annual in-service with Manchester Police Department?

Response: No.

Question 5: How will radio systems work? Will they be on the Manchester frequency or do we require our own radio frequency?

Response: The City provides law enforcement frequencies for work within the Airport property only. Communications within the Contractor’s own agency for all non-airport related matters is the Contractor’s responsibility.

Question 6: Will the City be paying for any criminal justice technology licensing fees or does the City already have these systems in place?

Response: The Contractor is responsible for the Contractor’s own licensing fees.

Question 7: How do officers get dispatched to calls for service?

Response: Law enforcement officers operating at the Airport are dispatched through the Airport’s communication center.
